福就在這地方流出來

From This Very Place

From this very place Lord you touch our hearts
Let us be a light to every race
Hear our humble cry that man would know you
As we go from this very place

Melt these hearts of stone with your compassion
Let us see the lost through eyes of grace
Fill us with the fire Strength our spirit
As we go from this very place

(Chorus)

Till every knee bows and every tongue sings praise
Till every man hears of your grace
We will lay down our hearts and pray
That your blessings flow from this place
